

WEEE-directive Division Ventilation

1. Declaration number	1226
2. Unique identification code of the product	Ventilation products with electronics
3. Type	Electronic equipment
4. Product description	Visit www.lindab.com
5. Manufacturer	Lindab

Statement

The Lindab Group's products and solutions should be the customer's first choice in terms of sustainability. We stand for a long-lasting protection of the environment and is aware of its responsibility towards the coming generations. We will work with continuous improvements to create safe products and solutions that simplify construction for our customers and offer the best solutions from both a social and a product lifecycle perspective. The Lindab Group comply with, and when possible exceed, requirements from applicable legislation, regulations, codes of practice and other quality and environmental requirements applicable to the Lindab Group.

Directive 2012/19/EU on waste electrical and electronic equipment (WEEE) aims to reduce or avoid the amount of electronic waste from disused electrical and electronic equipment. In addition, the materials should be disposed of in an environmentally responsible manner, through extended producer responsibility.

Ventilation products with electronics manufactured and sold by Lindab are according to article 2, paragraph 3b and 4c, not affected by the WEEE-directive unless otherwise stated in product specific declaration of conformities.

Directive 2012/19/EU article 2

Paragraph 3b	<p>This Directive shall not apply to any of the following EEE:</p> <p>Equipment which is specifically designed and installed as part of another type of equipment that is excluded from or does not fall within the scope of this Directive, and which can fulfil its function only if it is part of that equipment.</p>
Paragraph 4c	<p>In addition to the equipment specified in paragraph 3, from 15 August 2018, this Directive shall not apply to the following EEE:</p> <p>Large-scale fixed installation' means a large-size combination of several types of apparatus and, where applicable, other devices, which:</p> <ul style="list-style-type: none">(i) are assembled, installed and de-installed by professionals(ii) are intended to be used permanently as part of a building or a structure at a pre-defined and dedicated location; and(iii) can only be replaced by the same specifically designed equipment;
